

# Quality and Capabilities Self-Assessment

Dear Valued Customer,

Thank you for your interest in doing business with the Fisher Scientific channel.

The Fisher Scientific channel represents a one-stop source, providing choice to our customers from a family of global product and service brands comprising a comprehensive range of laboratory equipment, chemicals, instruments, biological products and consumable supplies. The Fisher Scientific channel's extensive list of alliances with major manufacturers, as well as our own brand of Fisherbrand products, allows us to give our customers easy access to the products that are most in demand – all from one supplier.

We regularly receive enquiries from customers requesting more information about our business and our capabilities, and in an effort to respond to these questions in the most efficient manner, we have developed this “Self-Assessment” document as an easy and convenient way of providing our customers with information.

If you have any further questions concerning the capabilities of the Fisher Scientific channel in Europe, please do not hesitate to contact our customer service teams, who will be able to assist you further.

Yours faithfully,

Claire Wallace  
President Fisher Scientific Europe  
Thermo Fisher Scientific

# Introduction

The Fisher Scientific channel offers convenient access to the most comprehensive offering of products and services to allow customers in scientific research, safety, healthcare and education to increase productivity and efficiency.

Through this extensive global channel, we provide a complete portfolio of laboratory equipment, chemicals, supplies and services.

We are aligned across Europe to deliver a consistent service to our customers. Our

regional structure includes sales office and distribution centres that are strategically located to provide prompt, responsive delivery to our European customers.

Our company's "shop window" is a dynamic, fully interactive web catalogue that provides real-time stock availability and a considerable range of customer oriented features. This is supported by a series of electronic catalogues covering the entire breadth of general laboratory activity.
